

**REVISED EXAMINATION TIME TABLE**

TIME: 11:00 a.m. to 1:00 p.m.

Date and Day	Civil	E.E.E.	E.C.E.	B.M.E.	Mechanical	C.S.E.
27-10-2020 TUESDAY	Environmental Engineering	=====	Data Communication and Computer Networks	=====	<b>P. Elective – II</b> 1. Operations Research 2. Computational Fluids Flows	=====
31-10-2020 SATURDAY	Foundation Engineering	=====	<b>P. Elective – II</b> 1. Digital Image Processing 2. Electronic Measurements and Instrumentation	Medi Embedded Systems and RTOS	Control Systems Theory	=====
04-11-2020 WEDNESDAY	Prestressed Concrete	Digital Signal Processing and Applications	Digital Signal Processing	=====	Machine Design	Design and Analysis of Algorithms
7-11-2020 SATURDAY	Water Resources Engineering-II (N/S) Water Resources Engineering-I (O/S)	Electrical Machines-III	=====	<b>Basic Clinical Sciences Th – I</b> 1. Nephrology Part – I 2. Neurology Part - II	Production and Operations Management	Computer Networks & Programming
11-11-2020 WEDNESDAY	Theory of Structures-II	Switchgear and Protection	Digital System Design using Verilog HDL	<b>Basic Clinical Sciences Th – II</b> 1. Gastroenterology Part - I 2. General Surgery Part - II	Production Drawing	Software Engineering
16-11-2020 MONDAY	Transportation Engineering-I (N/S) Steel Structures (O/S)	Microprocessors and Micro Controllers	Microprocessor and Microcontroller	<b>Basic Clinical Sciences Th – III</b> 1. Imaging Sciences & Radio Therapy 2. Anaesthesia	<b>Mandatory Course</b> Business Ethics and Corporate Governance	Web Programming
19-11-2020 THURSDAY	<b>P. Elective – I</b> 1. Structural Dynamics 2. Infrastructure Development	<b>P. Elective – III</b> Programmable Logic Controllers	<b>P. Elective – I</b> Object Oriented Programming with C++	<b>Basic Clinical Sciences Th – IV</b> 1. Cardiology 2. Orthopaedics	Refrigeration And Air Conditioning	<b>P. Elective – II</b> Graph Theory and Its Applications
23-11-2020 MONDAY	<b>Open Elective - I</b> 1. Intellectual property Rights 2. Engineering Applications in Medicine	<b>Open Elective - I</b> 1. Disaster Management 2. Intellectual Property Rights 3. Operating Systems 4. Object Oriented Programming using Java	<b>Open Elective - I</b> 1. Disaster Management 2. Intellectual Property Rights 3. Operating Systems	<b>Open Elective - I</b> 1. Object Oriented Programming Using JAVA 2. Intellectual Property Rights 3. Operating Systems	<b>Open Elective - I</b> 1. Disaster Management 2. Intellectual Property Rights 3. Engineering Applications in Medicine 4. Object Oriented Programming using Java	<b>Open Elective – I</b> Disaster Management  <b>Embedded Systems</b>
