Course Content:
- Introduction to Entrepreneurship and Design thinking
- Idea generation, idea evaluation and validation
- Building the business around your idea
- Starting up procedure-first 10 steps.

Mode of presentation: Presentation is through zoom App by Expert Entrepreneur Educators.

Methodology:

- Lecture cum discussion and evaluation of case studies
- Work Assignments
- Entrepreneurial interaction

Importance of the Course:

Entrepreneurship education aids students to think outside the box and nurture unconventional talents and skills. Entrepreneurship education is a lifelong learning process. Introducing students to entrepreneurship develops their initiative and helps them to be more creative and self-confident in whatever they undertake and to act in a socially responsible way.

Eligibility and Registration:

Students of College of Engineering, Osmania University are eligible to apply. The selection is on First-cum-First served basis. Maximum limit is 100 participants. Last day for registration is 13-5-2020 (till 12:00 pm). Students have to register through Google Forms. (Link: https://forms.gle/Yr2fgXU5tYDGBBo5A). The students who successfully attended the course will be issued Certificates.
