Dear Sir/Madam,

Greetings from Capricot Technologies Pvt Ltd.

MathWorks is conducting a Webinar for engineering students and faculty members, request you to kindly register and also circulate the same to all faculty and students. Following are the details of webinar planned for the month of May 2020.

Request you all to register for the webinars! Looking forward to your participation.

For further any queries please feel free to call or email us.

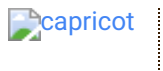

Webinars:

Date	Title	Session Time
6 May 2020	Machine Learning: Proven Applications and New Features	11:00
7 May 2020	Model-Based Design for DO-178C	11:00
7 May 2020	Build Something! MATLAB and Simulink for Hardware Projects	15:00 18:30 23:30
12 May 2020	Meet Certification Standards with Automated Requirements Based Testing	11:00
12 May 2020	Automated Vision-Based Inspection and Defect Detection for Industrial Applications	15:00
13 May 2020	Develop Battery Management System Using Simulink	15:00
14 May 2020	Safety-relevant PLC Applications in Compliance with Standards: Developing, Testing and Documenting	13:30
15 May 2020	Autonomous Technologies for Aerospace-Defense Applications	15:00
19 May 2020	System Engineering – Requirements to Architecture to Simulation with MATLAB and Simulink	11:00
19 May 2020	MATLAB to C/C++ Made Easy	15:00 18:30 23:30
21 May 2020	Deep Learning for Radar and Wireless Communications	05:30
26 May 2020	What's New in MATLAB and Simulink R2020a	13:30

Date	Title	Session Time
26 May 2020	5G Waveform Generation and Over-the-Air Testing with MATLAB and RF Instruments	15:00 18:30 23:30
27 May 2020	Energy Storage Optimization	07:30
27 May 2020	Using MATLAB with Python	15:00 18:30 23:30

Thanks & Regards
